Russell Hobbs

We are proud to announce our partnership with Russell Hobbs, one of the UK's best known domestic homeware brands. As part of our partnership, we have worked together to offer a fantastic selection of cookware and small domestic appliances including an exclusive range created specifically for the UK holiday park market.

Our selection of **Crystaltech** pans are a fantastic addition to holiday accommodation as they are 7x tougher than standard non-stick pans and are built to withstand the demands of everyday cooking. The new and improved technology is suitable for induction hobs and can also be used with metal utensils while still offering an optimum level of temperature resistance. Plus, the non-stick surface is easy to clean, dishwasher safe and abrasion resistant.
